

for a changing world

GUARDIAN 6000™

The industry's first six tube changer.

KEY BENEFITS

- Six self-replenishing tubes.
- Cash accountability.
- Swing-out, illuminated payout cassette.
- Visual & audible status notification.
- Intuitive menu system and data reporting.
- Built-in self diagnostics.
- Proven ratchet drive payout system.

Changer innovation that strikes a balance between intelligence and practical, day-to-day use.

GUARDIAN 6000™

- **Six self-replenishing tubes** give highest change capacity and utmost flexibility.
- **Single cassette configuration** outperforms all 5 tube cassettes by averaging higher sales across all price points.
- **Highest number of high value coin tubes** give unmatched change making capacity for high denomination coin or note acceptance.
- **Cash management** provides quick coin level verification and historical sales activity.
- **New single motor ratchet drive payout** uses the fewest parts for long life and reliable operation.
- **Field tuning capability.** Add tokens and eliminate slugs on location.
- **Relevant information.** Clear, concise communication of the data you need when you need it. **Intuitive LCD menu** simplifies navigation.
- **Advanced self diagnostics feature** cycles and verifies correct operation of all systems.
- **Visible and audible status notification** ensure optimal system operation and maximum time in service.
- **Swing-out payout cassette** for swift coin loading without cassette removal.
- **Faster parring.** Guardian 6000™ anticipates and guides each step in the fill process.
- **Payout illumination** ensures accurate coin loading. Light doubles as system status indicator.
- **Standard data port** enables quick software updates and coin/token additions.
